Hello Nate,

Would you please connect Tracy with someone from the CDD who may be able to help her with this planning issue related to the SEZ. I think Tracy just needs some basic information for her company to submit with an application to the West LA Plan Check.

Thanks,
Jim

I saw Jim Kennedy today and he suggests you reapply for your trash enclosure because the new enterprise zone lowers parking requirements...perhaps you'll qualify for your trash enclosure now.

M

I can't wait to see you.
